Blue Valley schools honored with Governor's Achievement Award

Seven Blue Valley schools were recognized with the Governor's Achievement Award. This award recognizes top performing schools in the state of Kansas.

The schools that received the accolade are: Blue River, Heartland, Lakewood, Sunset Ridge and Stilwell elementary schools and Prairie Star and Pleasant Ridge middle schools. Since the inception of the award six years ago, Blue Valley schools have been honored with 60 Governor's Achievement Awards.

Honored schools must have achieved the Standard of Excellence in both reading and math in 2011, as well as made Adequate Yearly Progress. The schools must also be in the top five percent in the state in both reading and math.

"We are thrilled that our schools have been recognized with this award," said Superintendent Tom Trigg. "These honors are a reflection of the dedication of our staff and hard work of our students."
