DATE: August 18, 2009

**Blue Valley students achieve on the ACT**

Blue Valley ACT results are outstanding. Students continue to score well above state and national averages on the college entrance exam, a testament to the hard work and determination of students and staff.

The 2009 graduates registered an average ACT composite score of 24.3, which is the second highest ACT composite score in district history. The Kansas composite score average is 21.9 and the national average is 21.1.

“We are extremely proud of our students,” said Tom Trigg, superintendent. “Every day our students work incredibly hard and these results reflect that work. In addition, our teachers, principals and staff members are committed to working collaboratively to help each student find their path to success.”
